

360 PLAY

We are contacting you today to let you know that we have a reduced pass going for **£69.95**, this starts now until the 31st August. We here at **360Play** are all about parents/carers playing with their kids, an educational and screen free experience, creating memories with their children. We want parents/carers to have the best possible 6 weeks with their children.

We have a range of various activities such as our rides, which include our climbing wall, dodgems and carousel. We also have our 360Play Street where children can roleplay as various characters such as a mail delivery person, a chef, a fireman, etc. We also have our Lego building area where you can build Legos and car to their like!

We have QR codes in each of our rooms to promote parent/carer and children activities so they can have fun whilst learning! We also have our 3 storey play frame where the kids can run about inside and do various activities within, this keeps the children exercised during the summer! We additionally have our outdoor play area that is open when the weather allows, including an outside playframe, play houses, bikes, trikes, football and a water play table for sensory play. We have a messy play section to promote arts, crafts and sensory play too!

This pass can be brought online and in-store or even over the phone using the details below.

Kind regards

360 Play Basildon Reception Team
